"No Fat" Say Commissioners

County Budget Set At \$1.6 Million

by Joe Schrader

County Commissioners unveiled the 1980 Crawford County Budget before an audience of about 50 people at a Public Hearing held this past Monday night. Termed a budget containing "no fat", commissioners proposed an annual expenditure of \$1,607,489 for 1980, some \$132,000 less than requested by department heads.

"We were told by a 4-1 margin what we should do, and we did it," commented Chairman Larry Mattis about next year's pared-down budget. Mattis was referring to the special election held in September when voters overwhelmingly rejected a 2-mill, one year only tax increase that would have allowed the county to bail its way out of debt.

Budget cuts were particularly severe in the sheriff's department where \$191,645 was approved compared to a request by

the sheriff of \$254,270. The 25% cut drew numerous questions and comments from the audience but Sheriff Curt Haas promised that his department "would provide the best possible service it could with the funds allotted." No funding was made available for added personnel or for the purchase of vehicles for the department.

Commissioner Jackie Bonkowski shed some rays of optimism when she reported that an area movement may well lead to the purchase of a new ambulance for the county. It would not be county financed, however.

Substantial cuts were also made in the animal control and snowmobile law enforcement areas, although Sheriff Haas indicated that an animal control officer would be hired by January 1st.

"Phase II" Investigation Nets One Suspect; Stolen Goods Recovered

The Crawford County Sheriff's Department announced last Wednesday that a Skidway Lake man has been apprehended, and is a suspect in breaking and enterings in Crawford and other counties in what has been labeled "Phase 2" in the department's 4-week long investigation. Name of the suspect is being withheld pending the apprehension of a Detroit man, also believed to have been involved.

Lt. Robert Ruddy of the Crawford County Sheriff's Dept., along with Officer Bruce Graff of the Oscoda County Sheriff's Dept., were investigating officers.

Stolen property recovered included a motor vehicle, television sets, guns, snowblowers, a trailer and other miscellaneous items.

Sheriff Curt Haas termed the value of the property recovered "sizeable" and said this type of cooperation is essential in the apprehension of persons involved in crimes against property, not only here in Crawford County, but in other northern counties as well.

Apprehension of three suspects in a previous but separate crime spree has resulted in well over 300 B & E's being solved, and property valued at over \$80,000 being recovered.

Donate Art for New Addition Area Artists Aid Mercy Hospital Growth

by Joe Schrader

A special project on behalf of Mercy Hospital's expansion program that "probably began as an idea the day ground was broken" has developed into a genuine area effort to enhance the interior decor of the new hospital addition.

Four artists, three from Grayling and another from Lewiston, make up a committee gathering paintings to be tastefully placed within the waiting areas, patient rooms, carpeted corridors, and other hospital locations. So far, seventy paintings have been donated by area artists in the benevolent effort to make Mercy Hospital not only the best in terms of services rendered, but decor as well. Each painting portrays the special and individual talent possessed by each of the artists, most of whom reside in the hospitals' service area.

Adelaide Laurence of Grayling is chairperson of the committee whose other members include Margaret Jensen and Bernice Hilton, also of Grayling, and Ells' Whippis of Lewiston. Rose Duley of Grayling is sponsor of the committee. The committee's goal is to gather 100 paintings from artists willing to contribute their talents on canvas for patients, visitors, hospital guests and the staff to enjoy.

It's a carefully planned effort to provide interior decorating in good taste. Each painting is photographed so that a plan for placement can, to a large extent, be pre-determined. Most of the paintings received are already framed; those that are not are framed from funds donated in the form of a memorial by a local resident interested in benefiting Mercy Hospital. Each is identified with a gold plate showing the name of the artist and his or her place of residence, cost of which is also borne by the memorial fund.

Most of the paintings have been donated since about the first of August and demonstrate a wide range of subjects, many of which characterize the Northern Michigan area. There's a special group that will most surely delight the kids in pediatrics and patient stay will unquestionably be a more comfortable experience as a result of the committee's effort.

The committee expects to comfortably meet its objective since many more works of art have already been promised. Nonetheless, the art group is actively seeking out possible donors and anyone interested can obtain further information by contacting a committee member or the Mercy Hospital Public Relations Department in Grayling at (517) 348-2355.

For Alleged Jail Deficiencies

Co. Ordered to Pay \$4400

By Joe Schrader

An order signed October 10th by District Judge James Harvey of Bay City (Eastern District of Michigan) requires Crawford County to shell out \$4,400 as a result of a suit by four inmates alleging substandard jail conditions.

The suit by plaintiffs Cecil W. Brown, Mark Faulkner, Richard Wakeley and Jack E. Rice also resulted in a ruling by Judge Harvey that substantial changes be made in the operation and administration of the County jail. Generally, these include liberalized inmate visitation privileges, increased access to legal and other reading materials, establishment of a regular exercise program, limited telephone privileges and the construction of an outdoor exercise enclosure.

The class action suit was filed on behalf of the inmates by Terrence H. Bloomquist and John G. Hunter of the Benson and Bloomquist Law Firm of Grayling. Judge Harvey approved a negotiated settlement calling for the county to pay \$4000 to the Plaintiff's Counsel of Record and in addition, ordered that each plaintiff be paid \$100 apiece in monetary damages.

The County is also required to build an outdoor exercise enclosure. (See Ordered on page 10)

Gunshot Hospitalizes Youth

by Joe Schrader

Crawford County Sheriff's deputies were busy again last week, responding to 60 complaints in all.

Deputies are continuing to investigate an accidental shooting in Grayling township that hospitalized a 16-year-old youth, whose name is being withheld because of his age. According to the Sheriff's report, two youths, both 16, were attempting to unload a 22-

calibre pistol when it accidentally discharged, striking the victim. The youth was treated at Mercy Hospital, then transferred to Munson Medical Center in Traverse City. The incident occurred last Friday morning and deputies responded to the call about 10:30 a.m.

According to the Sheriff's Dept., arson is the cause of a blaze that destroyed a 1978 Chevrolet

Blazer last Friday at about 9:22 p.m. The vehicle was stripped, set on fire, and left burning in the intersection of US-27 and Fletcher Road. The Lyons Fire Dept. responded to the call and the blaze is under investigation by the Crawford County Sheriff's Dept.

The Lyon's Fire Dept. also responded to a fire that destroyed the Tennant (See Gunshot on page 11)

Parent's Night Here Friday

Vikes Topple Hurons, 27-7

by Joe Schrader

Rogers City proved no match for Head Coach Bill Klinger's Viking squad last Friday night as Grayling outmuscled the Hurons, 27-7. The Vikes led all the way in nothing their second straight conference victory and sixth win of the season against two losses. Only Cheboygan and Gaylord rank ahead of the Vikes in the MHS-conference standings, and are the only two teams to defeat Grayling this year.

It'll be Parent's Night this Friday when the Petoskey Northmen come to town for a league clash that will wrap up the season for the Vikes - one of the most successful in

recent memory. Kickoff time Friday will be 7:30, and will be preceded by introduction of the parents at 7:15 p.m.

"It was our sixth win of the year and the kids deserved it," Head Coach Klinger noted after the game, "they worked hard for this one."

Homer (President KCC) pause after inspecting the building site of the expanded KCC Aviation Facility in Grayling. Completion of the addition will enable Kirtland to more than double its student capacity from 30 to 70 and to conduct both classes of F.A.A. Certification Training (Airframe and Powerplant) consecutively. Phase I of the nearly 7100 square foot addition is complete, with Phase II expected to be completed before the beginning of the Winter semester at Kirtland. Meeting the ever increasing job demands for trained qualified aircraft mechanics will be assisted through expansion of the existing facility. The program was launched in 1971 with the aid of a grant from the Upper Great Lakes Regional Commission.

they would say American Red Cross Immediate Disaster Assistance is real, even in a small Northern Michigan community like Crawford County.

The only requirement is that you be the victim of a disaster - there are no other qualifications.

Although the month of October has just ended, if you have not yet sent your contribution to Red Cross, please send it now to RR2, Box 2515, Grayling.

Don't let us fail to raise sufficient money to assure continuance of the vital humanitarian services that Red Cross, and only Red Cross provides.

Vikings

it 7-0.

Grayling scored again in the 2nd quarter when Dunkley capped a scoring drive with a 4-yard scamper to paydirt. The TD was set up with a 25 yard pass from Junttila to Dunkley at the 10-yd. line. Dunkley's point after was good again and the Vikes carried a 14-0 lead into the halftime breather.

The Vikes tackled another TD on the board in the third quarter when defensive back Billy Roach picked off a Huron aerial and raced 25 yards for the score. The point-after was just wide to the left but the Vikes led, 20-0.

Grayling capped its scoring in the 4th quarter on a mixture of running plays led by tailbacks Dunkley and Jerry Lucksted, with the latter scampering for the TD from six yards out. Dunkley's kick made it 27-0.

The only score by the Hurons came in the final stanza when tailback Joe Getzinski burst up the middle and rambled 30 yards to score, the x-point was good and the game ended with the Vikes on top by 20 points.

"Our offensive line probably had its best performance of the season," Klinger said. "They did a nice job of breaking open our running game and holding out the defenders to give Junttila a chance to find his receivers." Offensive linemen include John Peterson, Matt and Joe Mahaney, Rusty Shepherd, Jay Schrader, George Bindschattel and Bill Fairbotham. Klinger said, though, that despite their outstanding performance, the unit had to work hard on eliminating penalties that choked off other scoring possibilities for Grayling.

The Vikes enjoyed their biggest offensive output of the season, running up 303 total yards, 158 on the ground and 145 in the air. Jerry Lucksted and Todd Dunkley led the rushing game with 52 and 46 yards respectively. Jr. QB Junttila had seven completions for the night, three apiece to Bill Lucksted and Todd Dunkley and one to Bill Roach. He was intercepted twice, but enjoyed his finest passing game of the year.

George Bindschattel led the defense with 13 tackles, and was aided by Matt Mahaney, Rusty Shepherd, Tim Jones and Terry and Jerry Lucksted.

The Vikes picked off four Huron passes, Billy Roach had two interceptions, Bill Lucksted one, and Ted Methner intercepted a Huron pass with 4 seconds left to thwart Rogers City's last scoring threat.

"We had to make some substitutes because of injuries," Klinger said, "but the kids just went in there and did what we asked of them." He described the team's defense effort "a total team victory".

Grayling's four league victories are the most the team has posted since joining the MHS-conference.

In JV action last week, Grayling hosted the Rogers City squad on Thursday and whitewashed the Hurons, 26-0.

THE MOUSE THAT ROARED! Under the direction of Howard Taylor, the Grayling High School Players put on three enjoyable performances this past weekend of the Christopher Sergel comedy, "The Mouse That Roared"! The cast showed real class as they led the audience through the two-act play centered around the invasion of the U.S. by a small band of soldiers from Grand Fenwick, armed only with crossbows and out to protect their wine interests. They marched home victoriously bearing war prisoners and the dreaded U.S. invention, the Q-Bomb, forcing financial concessions by the U.S.

Shown here in a tense moment in Grand Fenwick are (left to right): Count, Moun-tjoy (Rob Kesteloot), General Snippet (Steve Kucharek), David Benter (Tony Thom-son), Gloriana the Twelfth (Alicia Taylor) and Prof. Kokintz (Kevin Phillips).

Cong. Davis Names Brown To Committee

WASHINGTON, D.C. — Rod Brown of Gaylord, executive director of the Michigan Licensed Beverage Association and former executive assistant to Northern Michigan Congressman Bob Davis, has been named to Congressman Davis' military academy selection committee.

The nine-member committee will review applications Davis receives from high school seniors in the 11th Congressional District wishing to be appointed to West Point, Annapolis, the Air Force and Merchant Marine Academies.

Davis said the board will select nominees based on a competitive system of evaluating the students' high school records, results of the SAT or ACT examinations, character and leadership abilities.

Chairman of the advisory committee is Retired Navy Captain D.H. McClintock of Marquette. Other members are Rev. John S. Horner, retired Episcopal minister from Ironwood; Sam Dubow retired principal of Sault Area High School, Sault Ste. Marie; Ralph Secinaro, health and physical education instructor at Iron Mountain High School and Junior High; Bob Henderson, partner in Royal Linen of Cheboygan; Circuit Judge Allen Miller of Tawas City; Mary Lou Tanton of Petoskey; and Fr. Isadore Mikulski of St. Ann's Church in Alpena.

Davis said the board is tentatively planning to meet December 8 to make the final recommendations.

Homemakers Service

Homemaker Services in Crawford County will be under the direction of Janette Conflitti at the Senior Citizens Center. Jan will be taking over the program for me, as I have to quit work for personal reasons. I don't mean to sound mysterious, the main reason is that my little boy needs me at home for a while.

Jan is well qualified to do the work involved as a Homemaker Co-ordinator, and will be doing evaluations for services, scheduling work hours, and doing record keeping for the program.

At this time we have a volunteer in the Crawford-Roscommon border area, one available in Frederic, two in Grayling, and one gentleman who has been doing some work for the program. More volunteers are needed, and they will be paid \$1.50 per hour stipend, plus mileage. It is a good way to serve a need, and to earn a little Christmas money that does not have to be claimed against a personal income. If you are interested, call Jan Conflitti at the Center, 348-9314, fill out a volunteer application form, and tell Jan what hours you would like to work. She will then match you with a client so that you can get started.

I would like to say that I have thoroughly enjoyed working at the center and meeting all the people we have worked with, and I know I'll treasure these experiences for many years.

GRAYLING, MICHIGAN—THURSDAY, NOVEMBER 1, 1979

From Our
Corner ...

Just when the Crawford County Board of Commissioners are going through an austerity money period, along comes a court order to fork over \$4,400 in a settlement out of court ...

A suit was filed by four inmates charging the county jail conditions were inhumane ... The suit, filed in mid-February in federal court in Bay City, sought an injunction to block Sheriff Curt Haas from incarcerating any additional persons until deficiencies were corrected. The suit further demanded many changes in the jail's physical plant, prisoner-related facilities and treatment to inmates ...

Until this settlement ... we thought once you committed a crime against a person or the society at large, one was supposed to pay for the crime by being lodged in the county jail ...

This order, handed down by a Federal Judge, just makes it easier on the criminal that stalks our lives every day ... Some of them have a better life in jail, than if they were out sleeping in the alleys, or finding someplace to burglarize ...

The public has already paid for most of the crimes that send individuals to jail through loss of property, money, etc., now the public is ordered to pay to make the stay in the bastille like a vacation ... Access to a court library was one of the stipulations ... Had inmates used the libraries they had at hand in the schools, they wouldn't be where they now reside ...

The four inmates asked for \$10,000 in punitive damages, plus \$1,000 each for the four, as well as for every former inmate ... In our opinion, to even consider a suit like this was ridiculous ...

The court awarded \$100 to each of the inmates and \$4,000 to the two local attorneys who represented them ... A board of commission representative stated the cost could have been \$14,000, plus extra cost if the suit had been contested ...

Ironically, Sheriff Haas received, shortly after the suit was filed, a letter from the State Department of Correction saying, "Few jails of this size are that clean and well kept ..."

From Our Corner, we believe the county took a rooking ... just because this foolish suit was even brought before the courts ...

We attended the Chamber of Commerce annual bash last Wednesday evening at the Holiday Inn ... it was a very lovely party ... Talked to many friends, had an orange pop, the food was just what the doctor ordered. The Besser Male Chorus was beautiful in kicking off the evening festivities. The main speaker, Gene Umlor of Port Huron was fine, he extolled on the work of our Chamber and the accomplishments they have made in promoting and working for the betterment of our area ... told a few jokes ... but, really, had we known, we would have brought a pillow ... 55 minutes is a bit too long to listen to anyone ... President Carter included ...

This next tid bit is strictly for the avid golfer ... One was to be avid to even be on the golf course this time of year, at least around here ... Anyway, we had a caller at the back door Sunday afternoon by the name of Tom St. Germain, and his lovely wife Marie ... seems as how Tom had his eyes closed on No. 8 while playing in a five-some (which is not supposed to be) and sank a hole-in-one ... We haven't talked to anyone, but he claims Drs. Junttila and Schwarz, Carl Hector and Bill Worden will attest to the fact ...

There are still advantages of being a paper boy ... We remember a long time ago when we had three routes in Gaylord, morning and afternoon when we would come to a house and the lady would feel sorry for skinny little me and give us cookies so we could complete our route ... The same thing still applies ... Sunday evening we received our favorite lemon pie from Gloria Henery, our neighbor ... for delivering the Avalanche on Wednesday ... This was for our birthday ...

Monday afternoon our staff presented us with a birthday cake and told us they wouldn't have known if we hadn't advertised it in the paper ...

To top off our Monday evening, and a close to our corner tonight, we just received a call from T.C. and talked to T.J., Stef, mom and dad ... it made our day ...

Have a nice weekend ... possibly November will try and be nicer than October ...

Twenty-two years ago yesterday, November 1st, Arnold Burrows came to Grayling and he said he arrived in one of the heaviest snowstorms that he had ever seen. He came here from Johannesburg to work for Frank Milks. Now he is the genial owner of the same market.

Adolph Peterson began his new job Tuesday morning of assuming the management of the Hanson Hardware store. He says that he knows hardware and paints, but doesn't pretend to know a lot about glass and chinaware, and intends to go slow in those lines until he knows more about them. It's a new job for him but he is alive and a good hustler and as always, had the name of being honest and dependable. We're sure that he will give his store and its customers dependable service.

The Bible Speaks

From Calvary Baptist Church

CONTRAST OF GOD'S
LAW AND GRACE
Galatians 4:1-7

Israel before she became a mature nation was placed under God's laws for her own welfare and protection. The Bible illustrates this picture of immaturity by describing what happens to a small child who becomes heir under the law. "Now I say, That the heir, as long as he is a child, differeth nothing from a servant, though he be lord of all; But is under tutors and governors until the time appointed of the father." Gal 4:1,2. The law cannot make us sons, neither does it treat us as sons, but rather as servants under strict control.

Now the Bible applies the above illustration to the nation of Israel before the coming of Jesus Christ. "Even so we, when we were children, were in bondage under the elements of the world: But when the fulness of the time was come, God sent forth his Son, made of a woman, made under the law, To redeem them that were under the law, that we might receive the adoption of sons." Gal 4:3-5.

The Old Testament law of God did not save Israel, but guided their welfare until the coming of Jesus Christ. Jesus came at the Father's time, according to the Father's Will, took to Himself the body of a Jewish virgin to receive a body of flesh by the miracle of conception, development and birth without the seed of man. Christ was born under the law, obeyed the law perfectly, and then died to pay the price of a broken law for all His people. Christ fulfilled every purpose for which the O.T. law was given concerning salvation. Christ came not to make us better servants under the law, but to redeem us from the law

and give us the glories of adopted or adult sons of God.

Not only did Christ free all men from the bondage of O.T. law, but He also made available to us all the blessings of being adult sons of God. To give us inner witness of this fact He sent the Holy Spirit to bear witness within our hearts of the Word of God which declared us adopted. Our hearts cry "Abba, Father", an expression of love and warmth to our Heavenly Father which His laws could not bring.

Along with the inner witness of our glorious position as sons of God by the presence of the Holy Spirit in our hearts, we also have the promise of being heirs of God to all the future blessing of God in eternity. "Wherefore thou art no more a servant, but a son; and if a son, then an heir of God through Christ." Gal 4:7. My friend, are you still struggling as a servant under the laws of God? Recognize the finished work of Christ for your salvation. Ask Him to forgive you of your sins and to enter your heart as your only Lord and Savior. You too can experience the warmth and witness of the Holy Spirit within, and the glorious promise of being an eternal heir of God through Christ for all eternity. (adv.)

Mexico City is expected to be the world's largest metropolis by the year 2000. Experts predict that there will be a population of almost 32 million people in Mexico City at the turn of the century. Sao Paulo, Brazil should rank second then with a population of about 26 million, according to the International Labor Office in Geneva.

The Country Editor

On a recent visit with friends in Minneapolis who subscribe to the Prior Lake American, we were advised of how much they enjoyed our newspaper. Of course, we've heard the same compliment before and, though it pleases us, it hardly ever goes to our head. After all, what friend would tell us we had a rotten newspaper? This time something else was said — something that perhaps some smalltown editors forget in their humdrum job of getting out a weekly paper ... "You may not believe this but we get more 'news' out of your paper than we do from the big city daily."

Our first thought was, "Oh, come on now! A good word is dandy but let's not slide over the thin line that separates social comment from suspicious admiration!"

"You gotta be kidding," we said, immediately on the defensive. "How can you compare ten pages of agony and advertising with 50 pages filled with every feature money can buy?"

"FOR MORE THAN 30 years," replied our friend, "I've been reading the city gazette and yet, with all the stories, all the columns, features and funnies, seldom have I read either

of myself or of my friends. Of course I'm affected by the news from Southeast Asia and from Washington. I'm concerned about what's going on in the State Legislature and at the City Council but the name of a schoolmate promoted, a neighbor moved or a contemporary's death is the primary interest to me. Only the small town is personal and, therefore, every edition important to its readers."

Our friend's compliment is to the country press, to the thousands of small, weekly newspapers dedicated only to local news without prejudice on personal opinion — upholding the right of privacy while providing a platform for pride.

Every week in almost every county of this nation, a newspaper editor is privileged to give credit in print and in history to his peers. This must be an honor to the man and the people he serves!

Time Change Calls For Driver Care

Michigan motorists can help erase this year's 8 percent rise in 10 to 19-year-old pedestrian traffic deaths by staying extra alert following the switch to Eastern Standard Time at 2 a.m., Sunday, October 28th, according to Automobile Club of Michigan.

"Through June, there have been 34, 10 to 19-year-olds killed by cars, compared with 30 over the same period in 1978," stated Arthur C. Gibson, Auto Club Safety and Traffic Engineering manager.

"Darkness arrives one hour sooner beginning Oct. 28, and Gibson urges late-afternoon drivers to follow these rules:

- Watch for signs of youths at play, including dogs and parked bicycles and be especially wary on streets near playgrounds.
- Keep proper distance between vehicles and reduce speeds at dusk.
- Do not look directly into oncoming headlights. Focus on the center of the traffic lane, keeping oncoming lights in peripheral vision.
- Keep windows clean, windshield washer solvent reservoirs filled and lights working to ensure maximum visibility.

"The addition of reflective tape to children's jackets, lunch boxes and bicycles and the use of brightly colored clothing also can help cut injuries and deaths," Gibson suggested.

Parents also should remind youngsters to always use sidewalks when available or walk on the shoulder facing traffic. Bicyclists should ride with the traffic flow on the edge of the road and be sure reflectors and lights are in working order.

"Barring weather problems, hunters should be traveling at maximum speed on all other roads leading to deer country," Ratke said.

Auto Club predicts that northbound deer hunter traffic should be heaviest between 2 p.m. and midnight on Wednesday, Nov. 14, and 5 to 10 a.m. on Thursday, Nov. 15. A second wave of hunters will be on the road on Friday, Nov. 16, between 3 and 10 p.m.

Southbound hunters are expected to jam roads between 2 and 11 p.m. on Sunday, Nov. 18.

Mackinac Bridge officials expect hunter-vehicle crossings to equal last year's total of 21,000 before the season ends on Nov. 30.

Auto Club reminds hunters that they must wear either a hat, vest or coat of blaze orange to hunt public lands.

Auto Club will provide traffic bulletins via radio for traveling hunters between 8 a.m. and 11 p.m. on Wednesday, Nov. 14, in addition to its weekly road condition reports from 3 to 11 p.m., Fridays, and 2 to 11 p.m., Sundays.

THOUGHT FOR FOOD

Carrots And Onions
You can use canned onions in this recipe or peeled fresh onions.

1 pound each of carrots and onions (about 8 medium carrots, halved and about 16 small whole onions)
1 can condensed cream of mushroom soup
1/4 tsp. paprika and 1 tablespoon chopped parsley
Toasted almonds

Cover 3 inch cut carrots and the whole onions with water and cook for about 30 minutes or until tender. Drain. Mix soup with 1/2 cup water, paprika and paprika — add mixture to carrots and onions — top with almonds and heat in the oven until hot. What a simple vegetable dish!

Moonlight Madness A Success

Despite the numerous objections, including that the bridegroom had been seen in the graveyard with other women and had many other wives, Judge Emil Kraus married Dracula (Mark Ferguson)

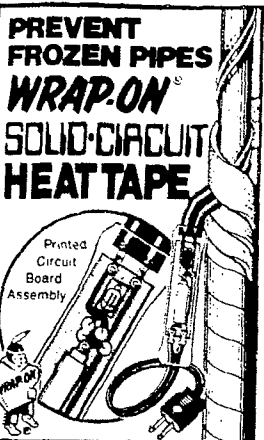

to Karen (Ferguson), to start off Downtown Graylings' Moonlight Madness last Saturday night. "The marriage license is in order and they passed the blood test," the Judge laughed, while counting the objections. And so amid hoots and cheers and Dracula 'biting' his bride, they became man and wife.

Other events highlighting the day included a 10 a.m. Pumpkin Carving Contest. First place went to Kris Laudenslager, second to Mark Ferguson and third to Norman Snyder.

Some 60 people braved the cold and rainy weather to participate in the 1:00 Mummy Wrapping Race, in which one member of each team was given a roll of toilet tissue to wrap their partner. First place went to Kim Curtis and Connie Perna, second to Cindy and Robin Mertes.

In the Best Merchant Costume Contest, first place went to Connie Slot-sky of Flowers by Josie, who dressed as a vampire, 2nd to Bill Bonkowski of Olson's who dressed as Dracula and 3rd place to Matt Vajda, also representing Flowers by Josie, who dressed as David Bowie.

Special thanks to George and Betty Pamerleau and Leo Cavanaugh from the Senior Citizens Center for judging contests, and Larry Gooddale from the high school, and Carol Trudeau from WQON for announcing grab bag winners and other events, and especially all of you who turned out and helped to make this year's Moonlight Madness a success.

Christmas Mailing Reminder

Postmaster Baker is reminding customers that for the best service this Christmas season they should use ZIP Codes, place their return address in the upper left corner of the envelope and use proper postage.

"By following these suggestions," Postmaster Baker says, "Customers will be assured good mail service this holiday season."

It is important, the Grayling postmaster says, that families "double check" envelopes and cards to be certain that proper postage is affixed. Envelopes without postage will be returned to senders, if possible, or delayed by postage-due procedures. When the return address is placed on envelopes bearing holiday greetings, it also helps remind friends of one's current address.

And, if the family to whom a holiday message is sent moved more than a year ago, it cannot be forwarded. With a return address, Postmaster Baker says, such letters are returned to the sender with a notation that the following "order" has expired.

MOONLIGHT MADNESS—Ghouls, goblins, vampires and witches were on the loose Saturday ... Dracula took a bride and bargains were gobbled up by the public taking advantage of the Downtown Merchants "Moonlight Madness Sales". Kiddies enjoyed free hayrides to the Jaycee Haunted House and mysterious goings-on took place all day and night long. Shown above are the competitors in the "Mummy-Wrapping" contest, while below, this strange pair were "boxed up" in the walkway between the Grayling Pharmacy and Carousel Shop. (Joe Schrader photos)

Vikingland Happenings

by Joelyn LaChappelle and Jane Stamm

Homecoming A Success

Homecoming Week was a great success in Grayling! Monday started off the week with Backwards Day and the Apple Bob. The juniors and seniors took first and second places in both of these events, so the sophomores and freshmen were out for revenge. Tuesday the sophomores took second place in the three-legged race, and their confidence was beginning to build. Wednesday the seniors took on the juniors in Powder Puff Football and beat them 28-26. Good job seniors! Thursday was Costume Day, whereas many students took part in dressing-up as characters from Mother Goose. The chair race and the pyramid build also took place Thursday. The freshmen gained their first and only first place points in the chair race. Nice try freshmen! Thursday night the Snake Dance wound it's way through town. It ended up at the football field, where the cheerleaders greeted the Viking fans with a bonfire.

Friday was the big day when the Vikings began to fire-up for the game against St. Ignace. The yell contest and the pie eating contest were two of the activities that topped off the week. The parade began at five o'clock and the floats were all there to be judged. At half-time the announcements were made regarding the winners of different events. The "Spirit Cup" went to the seniors, the senior float was named "best float", with the juniors in second place, and the sophomores and freshmen following in third and fourth.

The freshman Queen and King were Kim Ostrowski and Jim Piper. The sophomore Queen and King were Pam McClain and Dan Lucksted. The junior's

were Missy Meldrum and Andy Scott. The senior Queen and King nominees were Kim Wheeler, Sue Nicholas, Sue Somerville and Cathy Martella for Queen, and Rocky Tobin, Bill Lucksted, Chris Lepsy and Todd Duckley for King. The Homecoming Queen and King were announced at half-time of our Homecoming game. Sue Nicholas was crowned Queen by the 1978 Queen, Shelly Fick. Bill Lucksted was honored as King. We are all very proud of our new Queen and King and their court. Congratulations!

The Vikings played a tough, but great game against the St. Ignace Saints. The Vikings won with a score of 15-14 and the fans were extremely excited.

Saturday night's Homecoming Dance topped off the week and was a great success! Diamond Willow played at the dance and the Vikings were excited to have won their Homecoming and to have had such a good time participating in the past week's activities. Good goin' Vikings!

G.H.S. Alumni Homecoming

We continue from last week... We gave special recognition to Anniversary Classes present at our dinner.

From the Golden Class of '29, Francis Brady, Elmer Fenton, Lewis Konvicka, Stanley Stephan, Charles Wylie, and their spouses. From the Class of '39, Donald Coewin, Helen Isenhauer, Feldhauser, Bonita De La Mater Johnson, Paul Lovely, Kenneth Peterson, Marian Skingley Rokos, Fred Westerholm, Alberta Knibbs Wiggins and guest Audrey Brado Southwell (who had completed her Junior year here), and their spouses.

The Class of '59, Diana Blaine Doremire, Philip Faustman, Marlene Yoder Holzman, Clara Wolcott Kelsey, James Kessler, Larry LaGrow, Maryda Stillwagon Mead, Darla Boger Moore, Jean Holtcamp Weaver, Bill Weaver, and their spouses. Our oldest Alumna present was Altha Nielsen Heric, Class of '13.

Others mentioned were Bill Joseph, '64, Beulah Collen Moore, Bernice McNeven Smith, and George Granger, from the Class of '24. Again, we cannot call on everyone present. We keep our Anniversaries in the 5 year status.

Bill Joseph introduced our Superintendent, Dr. William Diedrich, who gave us a resume of his last year, with the "snow days" off (new to a Californian), the Flu epidemic and the Millage struggle. This next year will bring changes in the basics and supervision. He is an asset to our school system and a highly qualified Superintendent. We thank him for being with us.

Had a note from Isbrand Harder, '28. He and his wife observed their 50th wedding anniversary on October 20. Now, just for the record... and some persons who presume I am on salary, my payment comes strictly from satisfaction when you respond to our efforts and give us your support. Thank you.

As I finish this, a deer swims past our house on the lake. That is a conversation piece...

Your First Amendment: How safe is democracy?

RICHARD MILLIMAN

"Congress shall make no law respecting an establishment of religion or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances."

QUOTING THE First Amendment to the United States Constitution is the best possible way to begin a column in recognition of National Newspaper Week, which comes along during October each year.

The First Amendment seems clear enough to me. Congress shall make no law abridging the freedom of speech, or of the press. That's what it says. But apparently that's not the way it's working out these days.

The latest assault upon the First Amendment comes from the United States Supreme Court in its July 2 ruling that a court can close the doors on certain judicial procedures, banning the press and the public from the courtroom.

This ruling came in a case known as Gannett versus DePasquale. Exactly what the Supreme Court ruled is open to further question; in rather unusual developments, no less than four justices publicly explained what the DePasquale decision meant, and what it did not mean. The result is no one is quite sure right now.

CHIEF JUSTICE Burger and Associate Justices Blackmun, Powell and Stevens all felt compelled to add further public thoughts following the 5-4 decision in the DePasquale case.

The original ruling appeared to mean that at the request of the defendant, in a criminal case, a pre-trial hearing can be held behind closed doors. The right of a public trial, the court seemed to say, was a right that only the defendant could invoke, not the public.

Since the DePasquale ruling, more than 60 applications of the secrecy provision were requested in courts across the country — some in pre-trial actions, some in trials, some barring the public and the press, at least one barring the press but permitting the public (if you can figure out how that could be enforced), and other variations on the same theme.

Obviously, the DePasquale ruling needs clarification; and thankfully the Supreme Court in mid-October agreed to hear another case, this one out of Virginia courts, which involved a closed murder trial and which should add new light on who's entitled to what in public trials.

THE ISSUE IS A serious one, and goes back to the basic principle that any

citizen is entitled to a fair and open trial ... and more important, that every citizen is entitled to the fair and open operation of our public system of government, including the judicial system.

The press has a stake in this pervasive struggle involving the First Amendment; but the role of the press is only as a representative of the people. The press, as an entity, has no right or privilege except as every citizen has the same right and the same privilege.

When a reporter covers a trial, he/she is covering the trial as a representative of the public, to report back to the public so the public as a body can be informed and can make a judgment on the instruments of government.

When the press is shut out of a court, or any other governmental activity, it is the public which is being excluded. Secrecy is the breeding ground of corruption.

LOCKED DOORS and secrecy are not the only front upon which the First Amendment is being tested.

Government censorship, under the lofter phrase of "prior restraint," is a current legal issue, and a serious one.

Unwarranted and unreasonable search of newsrooms, and seizure of the properties of news gathering and news presentation, is another current issue, and another serious one.

So is the possibility of a court forcing a newspaper to reveal confidential sources, and to hand over private notes.

The struggle is not the press' struggle, but rather the people's struggle, with the press acting only as the people's agent.

In perfect democracy, every citizen would attend every government meeting and every court action, be informed and involved in every activity of the society of which he/she is a part. In practice, that is impossible. The press, instead, is the people's agent in many of these functions. That's why an endangered press is an endangered public.

"CONGRESS SHALL make no law ... abridging the freedom of speech, or of the press ..."

It seems clear enough to me.

One final thought: If the law, whether by Congress or by the courts, abridges freedom of the press, then how safe are the other bastions of freedom enshrined in the First Amendment?

How safe is freedom of speech? — How safe is the free exercise of religion? — How safe is the right of the people peaceably to assemble ... or the right to petition our government?

How safe is democracy?

Free screening tests for diabetes will be available during National Diabetes Detection Week, November 4-10. The American Diabetes Association-Michigan Affiliate is sponsoring the testing program in cooperation with over 150 hospitals and health facilities in many communities in Michigan.

Volunteers Are Vital

Volunteer Aides have been helping the children and educators at the Grayling and Frederic Elementary Schools for the past eight years. They have become an integral part of the schools. Once again we are asking your help to make the Volunteer Aide Program the success that it has been in the past.

The basic requirements necessary to be a volunteer are:

Enjoy working with children.

An interest in community involvement in education.

Be willing to help in one or several areas.

Be dependable and in good physical health.

Feel a commitment to the goals of the Volunteer Aide Program.

The Volunteer Aides participate in many learning experiences and activities. Such as: Tutoring students to help them improve their reading skills; assisting in the classroom; library aide; lunchroom aide; playground aide; especially busy day aide, (i.e., picture taking day).

It is not difficult to qualify. You will find it is a rewarding experience. The amount of time you give to this program is up to you. We will help you work out a schedule that is convenient for you and the teachers. It may vary from several hours a week to an hour a month. It is up to you.

Please check your fall schedule today and see if you have a little time to share with the children at the Crawford AuSable Schools.

If you are interested or have any questions about the program and where you might help out, call Cheryl LaDuke at 348-7641, extension 52.

G.H.S. YEARBOOK EDITOR, Diane Hatley (right), and Business Manager Tammie Messerschmidt, are pictured here busy at work planning this week's advertising sales campaign which will begin this Thursday and continue through the weekend.

Preparation has begun for the production of the 1980 Grayling High School yearbook. Uncertainties over the outcome of the recent millage election delayed the beginning of the popular school publication. As a result, the actual publication date of the book has been changed to August of 1980 with some consideration being given to the production of an autograph supplement for the students at the close of the school year.

Merchants and professional people who were contacted during the summer for advertising space in the yearbook will not be contacted a second time, but, will be billed according to their prior commitment. (Photo courtesy of GHS Yearbook staff)

November Peak Month For Car-Deer Accidents

LANSING — The Department of Natural Resources warns motorists that November is the peak month for car-deer accidents in Michigan.

During 1978, there were a record 17,155 accidents over the 12-month period. Two persons were killed and 944 injured.

In Crawford County, there were 128 car-deer accidents and 12 persons injured during 1978.

Bill Gutos, DNR Safety Manager, says fall and winter, when deer activity is greatest due to the mating season and changing foraging habits, is prime time for car-deer collisions.

Most accidents occur on unlighted roadways after dark; the peak period is two hours after sunset, according to Gutos. Just before dawn is also a likely time.

"Although deer warning signs are placed where accidents have been reported, many drivers do not take the signs seriously," Gutos says.

Here are some steps you can take to prevent an accident, or at least make it less severe.

When you see a deer warning sign, slow down. It's there because deer have been killed in the area. Keep your speed down for the next two or three miles at least; you can't expect the deer to obligingly cross the highway in front of the warning sign.

Be alert to traffic ahead and behind you and check the shoulder of the road in case you should have to hit your brakes. Make a habit of fastening safety belts so you and your passengers won't be jolted by a hard stop.

If you do smash into a deer, chances are less likely that anyone will be seriously hurt if everyone is belted in.

Deer tend to travel in groups, so if you spot a deer crossing the road, assume there's another not far behind. Be ready to hit your brakes and sound your horn.

Blowing your horn when you spot a deer may startle it into darting back into cover - but don't count on it. Use your brakes. In most cases there isn't time for evasive action.

"I've had two run-ins with deer, both times during blinding snowstorms when traveling at low speed," Gutos says. "The most important thing to remember is to keep control of the car so you don't run off the road."

If all else fails and you do hit a deer, Gutos says try to get your car and the deer off to the side of the road and contact the local police department.

He reminds motorists not to remove a deer from an accident scene without a permit. Every state police post and most law enforcement agencies have the permits. One copy will be given to the person taking the deer and one to the local conservation officer.

Many interesting and helpful workshops are scheduled throughout the day.

Budget

(Continued from page 1)
department had budget requests trimmed and one that created some discussion at Monday's meeting was the county's decision to eliminate funding for the position of Assistant Prosecuting Attorney. Prosecutor Thomas Kent indicated his displeasure in having the position cut and questioned whether the county could legally make such a decision. "I know we have the authority to decide whether the position should be financed by the county or not," said Commissioner Jackie Bonkowski in response to Kent's objection.

Total anticipated county revenues is expected to exactly match the 1980 budget. Admitting that some "crystal ball gazing" had to be used in the preparation of the budget, the commissioners indicated that about \$55,000 would be erased from the \$75,000 deficit through adoption of 1980 expenditures. That would leave some \$20,000 left to erase and the commissioners felt that by 1981, the entire deficit could be eliminated.

Ordered

(Continued from page 1)
roughly 12' by 70' adjacent to the jail by no later than July 31, 1981.

Specific rules regarding visitation rights and procedures are outlined in Judge Harvey's order and inmates must be permitted to change into street clothes for court appearances. Access to an up-to-date listing of law books must also be available, or, as an alternative the county must provide a limited law reference library in the jail itself.

Sheriff Curt Haas said that shortly after the suit was filed the facility was given a clean bill of health following an inspection by State Dept. of Correction.

A number of other allegations cited by the plaintiffs in the original suit were apparently dropped. Some of these included the quality of meals served, insufficient meal servings and other jail conditions.

Despite the order to pay by Judge Harvey, had the county been found financially responsible for other allegations contained in the suit, cost to the taxpayers would have been significantly higher. Commissioners felt that the costs of pursuing the matter through the judicial system would have been prohibitive. Cost of construction of the exercise yard for inmates is estimated at about \$17,000.

The Lighthouse Principle

Maybe few of us landlubbers ever thought about it, but those graceful old lighthouses were built on a firm and logical principle.

They assumed their light would be seen and understood. In fog ships did not see the light and many foundered on the shoals. Occasionally captains mistook the light for that of another vessel and sailing across its bow or stern they came to grief upon the rocks. Yet despite hazards of nature and blunders of man, lighthouses became the landmarks of our coasts.

Whenever in your travels, work or play, you see a church think of it as a lighthouse. Its gleam may not reach every soul. But it's there for those who see and understand.

It lights our way to port while keeping us off the shoals.

La Leche League Meeting Notice

"Nutrition and Weaning" will be the topic for discussion at the November meeting of Roscommon La Leche League. The meeting will be held on Thursday, November 1 at 7:30 p.m. at Maybell Road, off West 72, Grayling. This is the last meeting of this series; a new series will begin in December in Roscommon.

La Leche League believes that mother's milk is the best food for baby; more importantly, that breastfeeding gives the baby the best start in living.

The discussion will include suggestions about nutrition for nursing mothers and their families, as well as information about weaning the breast-fed baby.

Expectant mothers are encouraged to attend the series of meetings before the baby arrives. Nursing babies are always welcome. For further information, or for breastfeeding help, call Carolyn Crist at 275-8431.

Named To Bargaining Committee

Lynn Sohn, COOR Board of Education Trustee, has been notified by the Michigan Association of School Boards that she has been appointed to the MASH Collective Bargaining Committee.

The MASH has stated that serving on this committee is very important to the overall activities of the Association, as collective bargaining has become one of the major time-consuming issues confronting local and intermediate boards of education and administrators. It is the purpose and function of this MASH committee to meet from time to time to discuss issues, trends and to make recommendations to the MASH Board of Directors on various items. The effort and input of committee members helps the MASH reflect accurately the needs and positions of boards of education on today's crucial issues.

Road Commission Minutes

October 12, 1979

A regular meeting of the Crawford County Road Commission was held in their office in Grayling; Chairman Richter presiding. Present were: Ervin Richter, Chairman; Commissioners, Grover Cason and Gloria Kraus; Engineer Ron Herneke; and Secretary, Lorna Bernard.

Absent: Manager, Charles Fox.

The minutes of the last regular meeting were read. Ervin Richter made a motion to accept the minutes with corrections; seconded by Gloria Kraus. All voted in favor. Minutes approved.

Bernie Fowler, Grayling Township Supervisor, appeared before the Board with a resolution passed by his Township Board, approving participation in the Critical Bridge Program for Pollack and Wilcox Bridges. Engineer Herneke informed the Board that all paper work for the program on all Critical bridges will be ready this next week, and will be submitted for State approval.

Mr. Fowler inquired about signs to be erected on Gierke Road, and to investigate Madsen Street at Brinks Park.

Engineer Herneke reported to the Board that Professional Engineers will be here on October 26, 1979 to meet with the Board, regarding the survey of signs throughout the County.

Engineer Herneke held a discussion with the Board on some of the finishes to be put on the building addition. The Board requested him to get an estimate as to how much it would cost to repair and paint the front of the existing building, when the addition is painted.

The Board recessed for lunch and upon returning to the office convened their meeting with a discussion regarding the bidding of Insurance. The request of bids will be published in the near future. Specifications and bid forms will be available at the Road Commission office. The Board discussed our Agent of Record, and determined that Gaylor Insurance Agency has and will continue as our Agent of Record.

There being no further business, a motion was made by Grover Cason, supported by Gloria Kraus to adjourn the meeting. All voted in favor. Meeting adjourned.

\$500,000 Milestone Reached With Glen's Save-Share

It was announced earlier this week by Keith Catt, Senior Vice President of Glen's Market, that Glen's Save-Share program had topped the half-million dollar amount it has shared with community organizations and groups.

Glen's Save-Share is a program started in 1972 which was set-up to enable community organizations and groups to earn money for projects that would help improve the communities in which they live.

Any group can register at their local Glen's Market and simply save Glen's Markets and Family Centers green register tapes, add them up and turn them in to their local Glen's Market to have shared with them 1% of the qualified total.

Mr. Catt also stated that further details about Glen's Save-Share can be obtained by contacting the Store Manager or his Assistant at the local Glen's Market and Family Center.
